2020-2024 STRATEGIC PLAN

2022 Strategic Priorities

(February 2022 – January 2021)
ADOPTED: 02.12.2022

This is a strategic capacity building plan to strengthen our effectiveness and future sustainability to fulfill our mission and have a healthy impact on people and places where we serve.
Capacity Building

“Capacity building is whatever is needed to bring a nonprofit to the next level of operational, programmatic, financial, or organizational maturity, so it may more effectively and efficiently advance its mission into the future. Capacity building is not a one-time effort to improve short-term effectiveness, but a continuous improvement strategy toward the creation of a sustainable and effective organization.”

- National Council of Nonprofits
GenesisHOPE is a multi-service organization advancing health equity. We are community development professionals leading inclusive and equitable development of places where we live, work, learn and play.

We're also community health workers who educate and support people with choosing healthier lifestyles.
Our vision and mission is to promote healthy living and equitably create healthy resilient places to advance:

Health Equity: Healthy People + Healthy Places.
To increase consensus around the meaning of health equity, the Robert Wood Johnson Foundation (RWJF) provides the following definition used by the American Public Health Association. At GenesisHOPE, we too have adopted RWJF’s definition. And we built upon it with Healthy Places by Designs’ principle of the purpose of measurements to address racism:

Health equity means that everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care.

Health equity reduces and ultimately eliminates disparities in health and its determinants that adversely affect, exclude, or marginalize Black, Latino and Indigenous people of color (BLIPOC).
Our theory of change is based on the County Health Ranking Model of population health that emphasizes the many factors that, if improved, can help make people and places healthier. The 2017 Detroit Food Metric Report illustrates the various determinants that impact health outcomes quite well (Figure 1). The report concludes that “the food we eat impacts our day-to-day health and well-being. Food provides our minds and bodies with the fuel to think!” This is a fundamental principal for GenesisHOPE: A healthy community begins with food!
Our mission is to promote healthy living and equitably create healthy communities. Our people first approach has made us a trusted community provider and partner. Our in-house expertise, value-driven service delivery, and our vast, rich and deep collaborative relationships allow us to promote healthy living, empower financial health and provide affordable housing and open green spaces so **people + places thrive!**

**WHO WE WORK WITH**

- **Households** earning less than 80% of the area median income in need of housing or home repairs in the Villages of Detroit, MI.  
- **Adults (18+)** and youth-young adults (6-21) from households in the Villages of Detroit, MI earning less than 80% of the area median income.  
- **Adults (18+) and seniors (60+)** from households in the Villages of Detroit, MI earning less than 80% AMI with chronic “diet-related” diseases.  
- **Adults (18+) from households in 48214, 48207 & 48213** meeting resource specific eligibility criteria.  
- **All sectors:** Food, Community, Schools, Government, Businesses, Healthcare, Social Services, Philanthropy and other NPOs, serving the Villages of Detroit, MI and surrounding neighborhoods.

**OUR WORK**

- **REAL ESTATE**
  - Housing Development
  - Home Repair Assistance
  - Asset Management
  - Commercial Leasing
  - **Real Estate** develops physical community, creates stability, and economic growth.

- **FOOD ACCESS**
  - Nutrition Education
  - Chronic Disease Management
  - **Food Access** provides a chance to learn, try and practice healthier food choices.
  - **Services** help eligible households reduce barriers to good health.

- **SERVICES**
  - Care Management
  - Direct Services
  - Training
  - **Engagement** improves coordination of care, program delivery, and PSE.

- **ENGAGEMENT**
  - Community
  - Government
  - Businesses
  - Clinical
  - Social Services
  - Philanthropy

**OUTCOMES**

- **Accessed Healthy Affordable Places**
  - Increased access to low- and moderate-income housing.  
  - Increased access to commercial spaces.  
  - Increased access to open green spaces.  
  - Improved energy efficiency, and health and safety of homes.  

- **Made healthier choices**
  - Increased consumption of fruits and vegetables.  
  - Biometrics improved.  

- **Leveraged resources**
  - Improved access to socioeconomic resources.  
  - Social determinants of health improved.  

- **Policy, systems and environments (PSE) changed**
  - Improved community-clinical linkages.  
  - Improved cross-sector linkages.  
  - Collaborations evolved.

**INTENDED IMPACT**

- **Health Equity**
  - People living in households earning less than 80% of the area median income have fair and just opportunities to be as healthy as possible with access to healthy food, supportive resources and services, and quality efficient affordable housing.  
  - Black, Latino and Indigenous People of Color (BLIPOC) face fewer disparities.

**01/2022**
THEORY OF CHANGE

Promote Healthy Living
We provide health, nutrition and food access programs and resources recognizing that healthy food choices provide fuel for our bodies to move and minds to think and is fundamental for people and places to be healthy.

Empower Financial Health
We provide financial education and supportive resources and services to help people reduce physical, behavioral, social, health care and environmental barriers to good health.

Provide Affordable Housing
We build, repair, renovate and market quality sustainable affordable housing recognizing a home is a foundation for people’s well-being and economic stability, and is essential for healthy thriving resilient communities.

Foster Innovation and Collaborations
We organize and participate in community, clinical and civic engagements to inform and build collective power to make just equitable policy, systems, and environmental changes that are fundamental to advance health equity for Black, Latino and Indigenous People of Color (BLIPOC).
Community Voice
We value, encourage, and recognize the vital contributions of diverse, multicultural, multigenerational community members.

Equitable Justice
We value those who act in ways that promote equal and equitable treatment. We value work that aggressively eradicates barriers that manifest in exclusion, poverty, hunger and violence.

Deep Relationships
We value strong, connected, long-term relationships that foster engagement, responsibility, and responsiveness to the community. We value those in our community who are vulnerable and challenged (i.e., youth, mentally challenged, seniors, and others), and we are committed to stand with them.

Powerful Collaborations
We value collaborating with all community stakeholders at the table engaging in lively creative dialogue, learning, strategizing, partnering, and sharing power to make changes.

Lifelong Learning
We value community residents and leaders who are politically literate and well-versed on issues impacting the community. We also value those who are actively engaged in supporting literacy and principles of lifelong learning.

Courageous Leadership
We value community leaders who are honest, wise and courageous advocates for social justice. We value leaders who are reflective of the community and are developed and empowered by the community.
**Vision**
Health Equity: Healthy People + Healthy Places

**Mission**
Promote healthy living and equitably create healthy resilient communities for residents of Islandview, The Villages of Detroit and surrounding neighborhoods

**Priorities**

6. Program Service Expense Ratio  
7. Average service delivery time  
8. % change of average service delivery time (intake to closed or completed) | • R&D  
• Process & Systems Mapping & Analysis  
• Evidence-Based Interventions | |
| Improve Communications | • Ensure consistent branding to increase awareness  
• Ensure consistent error-free messaging for each audience (right message, using the right media, to the right audience):  
  - Residents, Patients, Clients, Participants  
  - Peers  
  - Partners  
  - Donors, Funders  
  - Board  
  - Staff  
• Increase the number of storytelling communications to engage audiences  
• Increase number of white papers, editorials and case studies to improve reputation as thought-leaders  
• Increase number of speaking engagements to improve reputation as thought-leaders | 1. # of non-branded communications  
2. # of published errors (grammar & spelling)  
3. # of new contacts by type of audience  
4. # of communication process updates / changes  
5. # of communication process automations  
6. # of stories published  
7. # of white papers, editorials and case studies published  
8. # of speaking engagements | • Communication Process Improvements  
• Content Marketing | |
| Improvement Engagement | • Increase social and in-person interactions and engagements with residents, clients, patients, participants, peers, and other thought-leaders and stakeholder moving engagement from Inform to Networking to Consult to Cooperation to Involve & Coordination to Co-Lead to Full Collaboration. | 1. % Change: Number of Residents, Participants and Patients  
2. % Change: Social Engagement  
3. # of Web Page Views  
4. Average Newsletter Open Rate  
5. # of Event/Mtg Attendees  
6. # of PSE collective members | • Back-to-Basics Organizing  
• Client Relationship Management (CRM) | |
## Strategic Objectives (2021-2024)

**Perspectives**

### Organizational Capacity

#### Improve Talent
- Attract and retain best employees
- Enhance staff skills as necessary
- Implement performance-based coaching and management system
- Implement performance-based evaluation and reward system
- Attract and reward volunteers for efforts
- Seek out and foster strategic partnerships

<table>
<thead>
<tr>
<th>Key Performance Metrics (KPIs)</th>
<th>Initiative</th>
<th>Budget</th>
</tr>
</thead>
</table>
| 1. Employee Average NPS (9-10) | • Gusto HR
| 2. Training & Development Hours | • Institutionalize Learning
| 3. % of FTE Performance Goals Met | • PSE Change Collectives |
| 4. # of Volunteers Rewarded | |
| 5. # of MOUs Signed | |

#### Improve Use of Technology
- Leverage technology and effectively use technology to improve processes, program delivery, outputs and outcomes
- Enhance staff technology skills as necessary
- Increase use of automation for repetitive tasks and processes
- Improve website navigation & content
- Implement donor management and CRM systems

<table>
<thead>
<tr>

<th>Initiative</th>
<th>Budget</th>
</tr>
</thead>
</table>
| 1. # of Automated Processes | • Monday.com PM
| 2. # of System Updates / Changes | • Gusto HR
| 3. Program Service Expense Ratio | • Website
| 4. Average service delivery time | • Network for Good
| 5. % change of average service delivery time (intake to closed or completed) | • Salesforce
|  | • Constant Contact
|  | • Google Ads & Google Analytics |

#### Improve Governance
- Improve Board Mix by Talent Needs
- Increase Board Engagement in Strategic Performance Management System:
  - PLAN
    - Review mission, vision & strategy
    - Identify value proposition
    - Balance efficiency vs. effectiveness
  - MAP
    - Choose stakeholder strategies
    - Choose key financial strategies
    - Choose key internal process strategies
    - Choose key organizational capacity strategies
  - SCORECARD
    - Identify measures
    - Assign weights
    - Balance measures of efficiency and effectiveness
    - Set specific targets
  - REVIEW & ASSESS
    - Manage with balanced scorecard
    - Evaluate results versus targets
    - Examine results and outcomes
    - Adjust as necessary

Community Health
Our mission is to promote healthy living by helping households increase the consumption of fruits and vegetables and physical activities to improve biometrics. Our community health workers **educate and support people** with choosing healthier lifestyles. We partner and collaborate with residents and community stakeholders, Michigan Department of Health and Human Services, Michigan Fitness Foundation, Detroit Health Department, Authority Health, philanthropy, and other agencies to provide evidence-based and clinical supported programs so **people + places thrive!**

**WHO WE WORK WITH**

- Adults (18+) and youth (6-21) from households in the Villages of Detroit, MI (and surrounding neighborhoods) earning less than 80% of the area median income.
- Adults (18+) and seniors (60) from households in the Villages of Detroit, MI earning less than 80% AMI with chronic “diet-related” diseases.
- Adults (18+) from households in 48214, 48207 & 48213 meeting resource specific eligibility criteria typically earning less than 80% of the area median income.

**OUR WORK**

- **Healthy Living**
  - **FOOD ACCESS: Nutrition Education**
    - The Learning Kitchen
      - SNAP Education
    - Teen Battle Chef
      - SNAP Education
    - FM Food Navigator
      - SNAP Education
  - **FOOD ACCESS: Chronic Disease Management**
    - FRESH Rx
      - Food as Medicine
    - Healthy Heart Ambassadors
      - Blood Pressure Monitoring

  - **SERVICES: WeCARE Health & Wellness Resources**
    - WeCARE Help Desk
      - Resource Navigation & Care Management
    - WeCARE Senior Food Box
    - WeCARE Cash Assistance

**OUTCOMES**

- **Made healthier choices**
  - Increased consumption of fruits and vegetables.
- **Biometrics improved.**

**INTENDED IMPACT**

**Health Equity**

People living in households earning less than 80% of the area median income have fair and just opportunities to be as healthy as possible with access to healthy food and supportive resources and services.
Our mission is to promote healthy living by cultivating deep collaborative relationships. We facilitate and participate in cross-sector collaborations to improve policies, systems and environments so *people + places thrive!*

### WHO WE WORK WITH

- **All sectors:** Food, Community, Schools, Government, Businesses, Healthcare, Social Services, Philanthropy and other NPOs, serving Islandview, the Villages of Detroit, MI and surrounding neighborhoods.

### OUR WORK

- **PSE Change Collectives**
  - **ENGAGEMENT: HPF Health & Nutrition**
    - Community
    - Clinical
    - Government
    - Food
  - **ENGAGEMENT: HPF Social Services**
    - Community
    - Clinical
    - Government
    - Social Services
    - Philanthropy
  - **ENGAGEMENT: Alliance for Youth Good Food**
    - Community
    - Clinical
    - Government
    - Schools
  - **ENGAGEMENT: Promise Coalition**
    - Community
    - Clinical
    - Government
    - Schools

### OUTCOMES

Policy, systems and environments (PSE) changed:
- Improved community-clinical linkages.
- Improved cross-sector linkages.
- Collaborations evolved.

### INTENDED IMPACT

Health Equity

Black, Latino and Indigenous People of Color (BLIPOC) face fewer disparities.
Community Economic Development
Health Equity

People living in households earning less than 80% of the area median income have fair and just opportunities to be as healthy as possible with access to quality efficient affordable housing.

Real Estate

- The Preston Townhomes: 31-Units & 3 Green Spaces

- Improved energy efficiency, and health and safety of homes.

Policy, systems and environments (PSE) changed
- Improved cross-sector linkages.
- Collaborations evolved.

Health Equity

Black, Latino and Indigenous People of Color (BLIPOC) face fewer disparities.

Engagement: Collectives
- DFC Housing Compact
- D21
- Mack Ave. Business Ass.
- Rebuilding Homes Together

Our mission is to create healthy communities. We are community development professionals leading inclusive and equitable development of places where we live, work, learn and play. We partner with community residents and stakeholders, Michigan State Housing Development Authority, Detroit Housing & Revitalization Department, other developers, lenders and funders, and other agencies to develop commercial real estate, affordable housing and open green spaces so people + places thrive!
GenesisHOPE Village I & II
Real Estate Development Project
Our mission is to communicate and engage with residents, community stakeholders, funders and donors, and volunteers to promote healthy living and healthy resilient communities. We are storytellers sharing successes, fact-based information and community news to advance health equity so people + places thrive!
